

# Material Safety Data Sheet

Version: 01

Revision Date : 3-6-2025

## Section 1. Product Information and Company Identification

|                          |                                                                       |                |           |
|--------------------------|-----------------------------------------------------------------------|----------------|-----------|
| <b>Product name</b>      | Zinc Carbonate Basic                                                  |                |           |
| <b>Mol. formula</b>      | [ZnCO <sub>3</sub> ] <sub>2</sub> [Zn(OH) <sub>2</sub> ] <sub>3</sub> | <b>CAS No.</b> | 5263-02-5 |
| <b>Mol.wt</b>            | 549.02 g/mol                                                          |                |           |
| <b>manufacturer name</b> | Pioneers for laboratory chemicals                                     |                |           |
| <b>Brand name</b>        | Piochem                                                               |                |           |
| <b>Address</b>           | Area 540, Industrial Zone 6th October city Giza, Egypt.               |                |           |
| <b>Website</b>           | www.piochem.com                                                       |                |           |
| <b>E-mail</b>            | info@piochem.com                                                      |                |           |
| <b>Phone number</b>      | 0 12 05700001                                                         |                |           |

## SECTION 2: Hazards identification

### 2.1 Classification of the substance or mixture

Not a hazardous substance or mixture according to Regulation (EC) No 1272/2008

### 2.2 Label elements

Not a hazardous substance or mixture according to Regulation (EC) No 1272/2008

### 2.3 Other hazards - none

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

Synonyms : Zinc hydroxide carbonate

CAS-No. : 5263-02-5

EC-No. : 226-076-7

### Hazardous ingredients according to Regulation (EC) No 1272/2008

| Component                                    | Classification          | Concentration |
|----------------------------------------------|-------------------------|---------------|
| <b>Di[carbonato(2-)]hexahydroxypentazinc</b> |                         |               |
| CAS-No. 5263-02-5                            | Aquatic Chronic 4; H413 | <= 100 %      |

EC-No. 226-076-7  
For the full text of the H-Statements mentioned in this Section, see Section 16.

## SECTION 4: First aid measures

### 4.1 Description of first aid measures

#### If inhaled

If breathed in, move person into fresh air. If not breathing, give artificial respiration.

#### In case of skin contact

Wash off with soap and plenty of water.

#### In case of eye contact

Flush eyes with water as a precaution.

#### If swallowed

Never give anything by mouth to an unconscious person. Rinse mouth with water.

### 4.2 Most important symptoms and effects, both acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11

### 4.3 Indication of any immediate medical attention and special treatment needed

No data available

## SECTION 5: Firefighting measures

### 5.1 Extinguishing media

#### Suitable extinguishing media

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

### 5.2 Special hazards arising from the substance or mixture

Carbon oxides

### 5.3 Advice for firefighters

Wear self-contained breathing apparatus for firefighting if necessary.

### 5.4 Further information

No data available

## SECTION 6: Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures

Avoid dust formation. Avoid breathing vapours, mist or gas.  
For personal protection see section 8.

### 6.2 Environmental precautions

Do not let product enter drains.

### 6.3 Methods and materials for containment and cleaning up

Sweep up and shovel. Keep in suitable, closed containers for disposal.

### 6.4 Reference to other sections

For disposal see section 13.

## SECTION 7: Handling and storage

### 7.1 Precautions for safe handling

Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive fire protection.

For precautions see section 2.2.

**7.2 Conditions for safe storage, including any incompatibilities**

Store in cool place. Keep container tightly closed in a dry and well-ventilated place.  
Storage class (TRGS 510): Combustible Solids

**7.3 Specific end use(s)**

Apart from the uses mentioned in section 1.2 no other specific uses are stipulated

**SECTION 8: Exposure controls/personal protection****8.1 Control parameters****8.2 Exposure controls****Appropriate engineering controls**

General industrial hygiene practice.

**Personal protective equipment****Eye/face protection**

Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

**Skin protection**

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

**Body Protection**

Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

**Respiratory protection**

Respiratory protection is not required. Where protection from nuisance level (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

**Control of environmental exposure**

Do not let product enter drains.

**SECTION 9: Physical and chemical properties****9.1 Information on basic physical and chemical properties**

- |                                            |                               |
|--------------------------------------------|-------------------------------|
| a) Appearance                              | Form: powder<br>Colour: white |
| b) Odour                                   | No data available             |
| c) Odour Threshold                         | No data available             |
| d) pH                                      | 9.5 at 50 g/l at 20 °C        |
| e) Melting point/freezing point            | No data available             |
| f) Initial boiling point and boiling range | No data available             |
| g) Flash point                             | No data available             |
| h) Evaporation rate                        | No data available             |
| i) Flammability (solid, gas)               | No data available             |
| j) Upper/lower                             | No data available             |

flammability or  
explosive limits

|                                           |                         |
|-------------------------------------------|-------------------------|
| k) Vapour pressure                        | No data available       |
| l) Vapour density                         | No data available       |
| m) Relative density                       | 3.500 g/cm <sup>3</sup> |
| n) Water solubility                       | insoluble               |
| o) Partition coefficient: n-octanol/water | No data available       |
| p) Auto-ignition temperature              | No data available       |
| q) Decomposition temperature              | No data available       |
| r) Viscosity                              | No data available       |
| s) Explosive properties                   | No data available       |
| t) Oxidizing properties                   | No data available       |

## 9.2 Other safety information

Bulk density 350 - 450 kg/m<sup>3</sup>

## SECTION 10: Stability and reactivity

### 10.1 Reactivity

No data available

### 10.2 Chemical stability

Stable under recommended storage conditions.

### 10.3 Possibility of hazardous reactions

No data available

### 10.4 Conditions to avoid

No data available

### 10.5 Incompatible materials

Strong oxidizing agents

### 10.6 Hazardous decomposition products

Hazardous decomposition products formed under fire conditions. - Carbon oxides

Other decomposition products - No data available

In the event of fire: see section 5

## SECTION 11: Toxicological information

### 11.1 Information on toxicological effects

#### Acute toxicity

LD50 Oral - Rat - > 10,000 mg/kg(Di[carbonato(2-)]hexahydroxypentazinc)

#### Skin corrosion/irritation

Skin - Rabbit(Di[carbonato(2-)]hexahydroxypentazinc)

Result: No skin irritation

#### Serious eye damage/eye irritation

Eyes - Rabbit(Di[carbonato(2-)]hexahydroxypentazinc)

Result: No eye irritation

#### Respiratory or skin sensitisation

No data available(Di[carbonato(2-)]hexahydroxypentazinc)

**Germ cell mutagenicity**

No data available(Di[carbonato(2-)]hexahydroxypentazinc)

**Carcinogenicity**

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

**Reproductive toxicity**

No data available(Di[carbonato(2-)]hexahydroxypentazinc)

**Specific target organ toxicity - single exposure**

No data available(Di[carbonato(2-)]hexahydroxypentazinc)

**Specific target organ toxicity - repeated exposure**

No data available

**Aspiration hazard**

No data available(Di[carbonato(2-)]hexahydroxypentazinc)

**Additional Information**

RTECS: Not available

To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.(Di[carbonato(2-)]hexahydroxypentazinc)

**SECTION 12: Ecological information****12.1 Toxicity**

Toxicity to fish LC50 - Leuciscus idus (Golden orfe) - > 5,000 mg/l - 96 h(Di[carbonato(2-)]hexahydroxypentazinc)

Toxicity to daphnia and other aquatic invertebrates LC50 - other microorganisms - > 2,000 mg/l - 16 h(Di[carbonato(2-)]hexahydroxypentazinc)

**12.2 Persistence and degradability**

No data available

**12.3 Bioaccumulative potential**

No data available

**12.4 Mobility in soil**

No data available(Di[carbonato(2-)]hexahydroxypentazinc)

**12.5 Results of PBT and vPvB assessment**

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted

**12.6 Other adverse effects**

No data available

**SECTION 13: Disposal considerations****13.1 Waste treatment methods****Product**

Offer surplus and non-recyclable solutions to a licensed disposal company.

**Contaminated packaging**

Dispose of as unused product.

## SECTION 14: Transport information

### 14.1 UN number

ADR/RID: -

IMDG: -

IATA: -

### 14.2 UN proper shipping name

ADR/RID: Not dangerous goods

IMDG: Not dangerous goods

IATA: Not dangerous goods

### 14.3 Transport hazard class(es)

ADR/RID: -

IMDG: -

IATA: -

### 14.4 Packaging group

ADR/RID: -

IMDG: -

IATA: -

### 14.5 Environmental hazards

ADR/RID: no

IMDG Marine pollutant: no

IATA: no

### 14.6 Special precautions for user

No data available

## SECTION 15: Regulatory information

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

This safety datasheet complies with the requirements of Regulation (EC) No. 1907/2006.

### 15.2 Chemical safety assessment

For this product a chemical safety assessment was not carried out.
